BACKGROUND

1. The guidelines review had transited into Phase 2 and the GRG was organised into Thematic Groups to look into the individual volumes and manuals and integrate the proposed amendments and inputs gathered from Phase 1. Document keepers for each of the Volume/Manual (including the technical reference library) were appointed as outlined in Table 1 below.

2. The GRG had finalised the features of the Technical Reference Library (TRL) and had discussed with the respective regional and Team Leader groups for feedback.

3. The GRG had engaged Mr David Woods as its technical writer and Version 1.0 of the review guidelines had been circulated to the INSARAG community through INSARAG.org for feedback. The document submission workflow with the technical writer as outlined in Figure 1 below.

4. The GRG had consolidated suggestions and inputs from regional and Team leader groups physically in the respective meetings and through online platforms.

5. The draft version 2.0 of the reviewed guidelines would be finalised after the 6th GRG meeting in The Hague, the Netherlands (9 to 11 Dec 2019). Document keepers would submit the updated guidelines to the Co-chairs by 20 Dec 2019. Infographics would be incorporated in an updated version, which would be sent to the technical writer by 23 Dec 2019 for final proof-reading. The final version 2.0 will be sent to the INSARAG Secretariat on 10 Jan 2020. This version would be circulated by INSARAG secretariat on 15 Jan 2020.

6. Document keepers would need to capture all changes in the guidelines in the amendment tables using the template circulated earlier (will be attached with the co-chair’s summary) and submit to co-chairs by 15 Jan 2020.
7. ISG would endorse the final version of the guidelines during the ISG 2020 meeting in Feb 2020.

Since its formation in 2017, GRG 2020 has actively engaged the INSARAG community through the following platforms as outlined in Table 2. The upcoming events are highlighted in red.

UPDATES ON GUIDELINES

**Volume I**
Meeting went through the comments and recommendations provided by the INSARAG secretariat, Americas and AEME regional meetings and other members of the INSARAG community. The proposed amendments made to Volume I are as reflected below:
1. Ensure gender neutral terms are used throughout the document
2. Changes and inclusions in abbreviations
   a. Include Emergency Medical Teams (EMT)  
   b. Change INAP to IRNAP  
   c. Change ERSB to ERS of RSB  
3. Change of INSARAG inception year to 1990  
4. Aligned “Foreword” to the Warsaw declaration  
5. Include Volume III in the introduction  
6. Include a paragraph on “predictability” and humanitarian principles under the section on Values, operational norms and humanitarian principles. (2.4)  
7. Change of the INSARAG structure table (2.5.1)  
8. Include a paragraph on decision making process (2.5.1)  
9. Amend the section on decision making in closed ISG meeting. The closed meeting would be a working meeting between the key representatives and decisions would be made by consensus during the ISG open meeting (2.5.2)  
10. Include a section on the appointment of team leaders representatives for ISG during Team Leaders’ meetings (2.5.2)  
11. Remove “and, by consequence, is recommended to be a USAR specialist” under the Operational Focal Point (2.6.2.2)
12. To replace “International” by “INSARAG classified teams”, “National” by “National accredited teams” and “Other teams” (2.6.3)

13. Update the part on MODEX and replace OAF by OAF/OBA (2.7)

14. Add “Technical Recognition Groups (TRG)” composed of USAR experts from the region with experience in national capacity strengthening, in addition to Technical Support Groups (TSGs) (3.5)

15. Include the IRNAP badge

16. Emphasise the importance for affected countries to provide information through VOSOCC or update the INSARAG secretariat (4.3)

17. Replace “airport reception centre” to RDC and to indicate that it is the affected member state’s responsibility for setting up the RDC, complemented by international teams.

18. Change the number of days for USAR teams to be self-sufficient from “seven to ten days” to “five to ten days” (4.3.4)

19. Include lessons learnt from major international exercises in conclusion (6)

20. Include reference of “Regional chairs and vice-chairs” as “Regional Troika”

**Volume II, Manual A**

Meeting discussed on the recommendations and the amendments made to Volume II, Manual A as reflected below:

1. Include a write-up on “Technical Recognition Group (TRG)” to be in line with IRNAP manual (guidance note)
2. Include a requirement for the TRG to observe the accreditation exercise
3. Include a description of responsibilities of stakeholders in the IRNAP process
4. Highlight the “staffing level suggested” in bold
5. Update the suggested number of K9 in the team composition tables.

**Volume II, Manual B**

Meeting discussed on the recommendations and the amendments made to Volume II, Manual B as reflected below:

1. Indicate which marking system is a must and which is optional
2. Changes in abbreviations
3. Indicate VOSOCC is managed by ERS
4. Remove extensive text on the use of VOSOCC
5. Include physical search in USAR team search
6. Update on ICMS
7. Adopt worksite triage methodology under INSARAG tools
8. Adjust the RCM to account for fatalities in non-worksite locations and report to LEMA

**Volume II, Manual C**

Meeting discussed on the recommendations and the amendments made to Volume II, Manual C as reflected below:

1. Include a reference to Manual A for the tables for suggested staffing numbers for Light, Medium and Heavy USAR teams
2. Update table 1 to ensure consistency on the technical capability
3. Change the figure 2 in section 3 on IEC/R cadre and classifiers
4. Include TORPS in the selection of classifiers
5. Include a matrix showing differences between the requirements for IEC and IER; particularly addressing the difference in the APOE
6. Remove duplicated section on timeline
7. Reformat the timeline for IEC/R using a gantt chart
8. Include section 10.1 on IEC/R checklist 2020 and 10.1.1 on colour coding
9. Reinstate pre-greening and role of mentors

**Volume III**

Meeting has informed Mr Paul Bailey on the timeline for the updates of the guidelines and he has agreed.
**Technical Reference Library**

Mr Anwar Abdullah (Singapore) presented on the explanatory note of TRL to explain the relationship of the TRL, Guidelines and Guidance notes (figure 2), the document submission workflow (figure 3), guiding principles and the proposed layout on INSARAG.org (figure 4). The meeting made some recommendations and agreed on the proposed explanatory note, which would be included as part of the guidelines. The GRG expects the INSARAG Secretariat to be the custodian of the TRL and this would be further discussed in the margins of the HNPW2020 in Geneva. The explanatory note is attached as an annex to this summary.

Enhancement of Infographics in the guidelines

Mr Anwar shared with GRG on the proposed changes of infographics in the guidelines. The meeting agreed with majority of the proposed changes and provided recommendations and inputs. Singapore would incorporate the amended infographics after 20 Dec 2019. Mr Sebastian requested Singapore to update the amended infographics from the other volumes in Vol I to ensure consistency.

Any Other Matters

As none of the other WG chairs were present, there was no discussion on the proposed changes to the post IEC/R reporting.

DELIVERABLES FROM 6TH GRG MEETING

1. All document keepers would update the respective volumes and manuals and submit their returns by 20 Dec 2019.
2. The Secretariat to the Co-chairs would make the necessary amendments to the infographics and incorporate them into the guidelines after 20 Dec 2019.
3. The Secretariat to the Co-chairs would prepare and share the updated presentation slides for presentation at the ISG meeting in Geneva in Feb 2020.
4. Thematic groups are to continue observing Phase 2’s timeline as outlined in Table 4 above.
5. Thematic groups to keep the Guidelines Amendment Template up to date on changes implemented and include the annexes/ content that would be moved to the Guidance notes/ TRL.
