Three Key Discussion Areas:

1. Classification NGO(s) without NAP?
2. Most of countries have similar preparedness in their response system
3. Cost of the NAP for countries?

Three Recommendations/Feedback

1. Classification NGO(s) and NAP =>use “by-pass” process if no NAP (IRAP)
2. Support the countries to speak the same language in the preparedness and response phase
3. Use actual equipments and team members for NAP
